# PRIMERS

High Adhesion | Better Image Quality

Wikoff Digital Primers									
End Use Chemistry	Primer Chemistry	Product Description	Purpose	Substrates	Gloss (will vary with stock hold out)	Flexibility	Adhesion to Substrate	Adhesion of Inkjet Inks	Application of Primer
UV Inkjet	⚡ UV Primers	UV Inkjet Primer	UV primer to increase adhesion and image quality of UV inkjet UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍	👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
		UV Inkjet Primer with added adhesion	Standard UV primer formulated with higher levels of adhesion promoter for substrates with adhesion challenges UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍👍	👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
		UV Inkjet Primer with highest adhesion	Standard UV primer formulated with the highest level of adhesion promoter for substrates with the biggest adhesion challenges UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍👍👍	👍👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
		UV Inkjet Primer Benzo Free	UV primer to increase adhesion and image quality of UV inkjet UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍	👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
		UV Inkjet Primer with added adhesion Benzo Free	Standard UV primer formulated with higher levels of adhesion promoter for substrates with adhesion challenges UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍👍	👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
		LED Inkjet Primer	LED primer to increase adhesion and image quality of UV inkjet UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍	👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
		White Primer	White UV primer that can act as a first down white that also increases adhesion and image quality of UV inkjet UV Inkjet printable and imprintable	Non-absorbent	80 - 95	👍👍	👍	👍	Roller Coater Blanket Coater Flexo with 3.0-9.0 bcm
	💧 Aqueous Primer	Gloss Corrugated Water Primer	Seals the substrate so the UV ink can successfully cure	Absorbent	55-70	👍👍	👍	👍	Anilox Dampener Blanket Coater Tower Coater
		Matte Corrugated Water Primer	Seals the substrate so the UV ink can successfully cure	Absorbent	10-20	👍👍	👍	👍	Anilox Dampener Blanket Coater Tower Coater
